

Map Marking Practice Club

1st November 2017 – 31st March 2018

An opportunity to hone your map marking skills over winter!

Make sure that you are ready for next season's competitions!

Improve your map copying speed & your ability to copy accurately over the winter by joining the new Trec Lincolnshire Map Marking Practice Club.

You will receive a master map with a route marked on it and a blank map in the post along with a note of the time you should allow to copy the route.

You copy the route from the master map on to the blank map in the allotted time and send your version in the post (or scanned and emailed) to Jane. You will then receive feedback on your map marking accuracy by email.

If you would like to practice plotting grids and following bearings, please indicate this on your entry form and additional instructions (and answer sheets) will be sent with your maps.

You can order one set of maps or two (each covering a different route). You will also receive full details including how to order further, different, sets.

Please remember that the master map(s) may not show a real rideable, or even walkable, route(s) & so please don't try to walk or ride it!!

To request map practice, please complete the [entry form](#)

£2.50 for one map or £4 for two maps -- for Trec Lincolnshire members
